C00017825 Executive I.-3. ny 1 6 FE3 1858 MEMORANDUM FOR: Director, Central Intelligence Through # SUBJECT : Proposed Joint Effort of and Office of Security in Acquiring Assets in the "Peace" and "Black Power" Movements in the United States 1. This memorandum contains a recommendation for your approval. Such recommendation is contained in ppragraph ring. 2. Background: Following several discussions betweenofficers of the Office of Secu: ity (OS) and it became apparent that O5 was particularly in its efforts to penetrate various groups wall equipped to aid . in the United States who are either in communication with representatives of the 😬 🚶 or groups whose members can or do, visit controlled areas of . Not only does C3 have the necessary support mechanism for operations in the United States, their expertise in operating domestically as well as existing human resources is a distinct advantage. While the objectives in penetrating the more radical groups in the United States obviously differs between 🐪 there does exist in many instances common interest in acquiring assets in selected groups. Working in concert on selected targets . and O5 will obviate duplication and reduce the possibilities of compromising inadvertantly one or the other's source with the possible attendent unfavorable publicity.

Proposal: To obtain maximum benefit of available resources and funds, Office of Security and believe a joint effort as described below affords the most secure, economical and expeditious means by which the Office of Security and may realize their respective objectives. In order to be fully responsive to \_\_\_ requirements as well as their own, CS is prepared to reorganize and further develop MERRIMACK operations, previously approved by Director, Central Intelligence, into three comparimented activities as follows:

A. Penetrations - Agents will be spotted and recruited to penetrate those organizations and movements in the United States which offer the greatest potential to satisfy requirements of both CS and \_\_\_\_\_ While further target analysis is required to determine which groups mutually offer the greatest potential in realizing respective objectives the following groups appear worthy of attention:

- a. Womens! Strike for Peace (WSP)
- b. Students for a Damocratic Society (SDS)
- arc. Student Non-Violent Co-ordinating Committee (SNCC)
- Total Cunker Action Group and American Friends (AFSC) (AFSC)
  - e. United States Committee to Aid the National Liberation Front of Vietnam (CANLESV)
    - f. National Mobilization Committee
- g. Lawyers Committee on American Policy
  - h. Congress for Racial Equality (CORE)

C00017825

Target groups will, of course, change as additional background data is collected and reviewed. Also, as operations progress new targets not yet identified may be surfaced.

- be a reserve cadre of trained agent personnel, including construction workers, cab drivers, janifors, etc., both male and female, who can be activated an about notice to participate in local demonstrations, pickets, marches, etc. This type of covert asset can also be directed to cover certain select meetings, gatherings, parties, etc. on an ad hoc basis. Experience gained during the past year dictates a definite need for this type of monitoring capability.
- will be established on the East and West Coast for the purpose of providing the timely, meaningful physical and other clandestine operational support which is necessary during the conduct of these continuing kantalization (perations. These officers will be responsive to requirements for operational support as determined by OS and
- will utilize their penetration assets in support of requirements as well as their own. Initial efforts will be directed toward groups with headquarters in Washington, D. C. such as the Women's Strike for Peace. Concurrently, target analysis and spotting efforts will be initiated with a view toward penetrating the "Black Power" movement and some element of the "Peace" movement in New York or New Jersey with which David Dellinger and Tom Hayden are associated.

  New York as 'asset to assist in penetrating target groups on the East Coast. requirements which will be levied on these assets are broadly defined as follows:
- A. To report within limits of their capability and security all information relative to communications, contact, travel and plans of target groups or

C00017825 B. To spot, assess and develop biographical and personality data on individuals who may be potential candidates for recruitment. as assets in one of the fellowing categories: 6. Security: To insure maximum security of both the assats of OS as well as the cover mechanism under which OS personnel will recruit penetration agents, candidates spotted by OS assets and assessed as recruitable for, objectives will be approached entirely separately from the OS mechanism. If recruitment is effected, training and handling will be conducted by appropriate components of the clandestine services without reference to OS

C00017825 participation but in close coordination between witting officers of and OS. If recruitment is not successful the OS mechanism will not be compromised. Coordination: Federal Bureau of Investigation (FBI) The FBI will be formally notified of this effort together with a request for their support as required. All information generated germane to their interests will be provided to them ion a timely basis. B. Domestic Operations Division (DOD) DOD will not be made witting of this joint effort by OS and They may, however, depending on lbeation and cit turnstances be made witting and their assistance requested when a recruitment is contemplated as expressed in paragraph six. OS participation, support, and assets will not however be revealed to DOD. Any changes with regard to DOD participation will be mutually agreed upon between the and Director of Security. 8. Costs: Salaries
